Touring & Tech

TECHNICAL INFORMATION

Technical Rating: N/A

Touring Party: 13

Bump-in Time: 3 hrs

Bump-out Time: 1 hr

Interval: No

Lighting: Basic rig. Lighting design includes simple washes and minimal cues. We will bring some lights to be included in within the mouth. Can be presented outdoors in daylight or in venues without lighting rigs.

Audio: 2 x wireless headset mics, (provided by Sanctum Studio).

Basic PA to be provided by Sanctum Studio for smaller venues such as town halls.

Controlled from laptop provided by producer for smaller venues. Audio files and extensive cue sheet provided for larger venues.

Staging The mouth is built into the side of a 3 x 3m marquee.

Crew Notes 1 or 2 people to help unload and bump-in is appreciated.

Transport Notes 3 tonne van (for set/costumes)

Cast & crew can travel with the truck, or by plane.
